

Art Therapist – Evanston, Highland Park, Chicago, and Western Suburbs

Join ITA's talented team of Creative Arts Therapists providing art, dance/movement, drama, and music therapy throughout the greater Chicago area. The art therapist will be responsible for maintaining an individual caseload at ITA's Evanston and Highland Park offices and travel for assigned community contracts within the Chicagoland area. The art therapist is expected to provide innovative treatment approaches with a diverse group of clients after conducting a thorough assessment and will be required to document clinical outcomes. Opportunities for group and individual supervision will be provided at no cost.

Hours: Part-time, Hours based on availability

Start date: Immediately

Position Type: Employee

Qualifications: Minimum of a master's degree in Art Therapy from an accredited university, ATR credential, and LPC, LCPC, LSW, or LCSW preferred.

Benefits: Minimal paid sick leave, all therapy supplies provided, opportunity to purchase supplemental insurance policies through Aflac including short-term disability and life insurance and flexible spending accounts.

Please send resumes to: Marni Rosen, Psy.D ATR-BC, Practice Director: mrosen@itachicago.org
